LUNCH & JAZZ WITH VAN MORRISON

Sir Van's inspirational music legacy is rooted in Belfast from listening to his shipyard father's collection of blues, gospel and country.

Sir Van became a travelling musician at the age of 13, playing guitar and sax in several bands before forming "Them" in 1964. Sir Van continued to advance on his status as a game-changing artist through the 90s and into the 21st century.

In order to maximise the enjoyment of your day, bar service will be suspended during the concert so we recommend that you pre-order your drinks for the show from your waiter and bar staff by 2.30pm.

Also please refrain from any flash photography, at Sir Van's specific request.
